

Did you know that...

...the risk of getting breast cancer increases with age?

...many women do not have any symptoms when they are first diagnosed with breast cancer?

...finding the disease early through mammogram screenings can save your life?

It truly can. Early detection is a woman's best protection. Just ask your doctor for information about performing self-breast exams and **CALL** our office to schedule an appointment for your annual mammogram **TODAY!**

Just ask!

My mammogram is scheduled for: _____ / _____ / _____ at _____ .
(Date) (Time)

Location: _____ .
